

Subject: Cyber-Nazis

Date: Thu, 22 Feb 1996

Memo from ██████████

██████, Here's a list I compiled a while back as part of a report on cyber-hate. It's dated by a few months but overall pretty good. I've also got an analytical section for cyber-nazis completed if you're interested.

I hope you'll also include the CHD web site in your report. The URL is <http://www.halcyon.com/burghart/chd.html> I'm in the process for re-vamping it, so tell me what you think.

Hope all is going well. You should keep in touch with us here in Seattle (206)233-9775 we'd love to hear from you. BTW, thanks for sending those common law court calls our way. The report *Guns & Gavels: Common Law Courts, Militias and White Supremacy* should be published very soon and we'll get you a copy asap.

I. Cyber-Nazis

A. BBS's

1. Neo-Nazi

System: Banished BBS
Number: (503)232-6566
Operator: Dan Gannon "Maynard"
Location: Portland, Oregon
Length of Operation: 1991 - Present
Contents:

A Portland, Oregon-based BBS provides a forum for neo-Nazis, anti-gay bigots and Holocaust revisionists. Banished CPU, a multi-line, 2400-28.8 BPS bulletin board is run by its "sysop," or system operator, Dan Gannon, who goes by the on-line name "Maynard." Gannon has been uploading Holocaust revisionist material since 1991 and offering it to anyone with a computer and a modem. His BBS has expanded recently, cloaking some of its revisionist material and allowing some connectivity to the Internet.

Banished CPU has two sections, a message section, where users send and receive electronic notes, and a file section. One file section title, "Holocaust Revisionism & IHR Articles," contains numerous articles from the Liberty Lobby's Institute for Historical Review, as well as works by Canadian Holocaust revisionist Ernst Zundel, French revisionist Robert Faurisson, Bradley R. Smith and British Holocaust denier David Irving. An article available since August of 1991 is "Rub-A-Dub-Dub, Notes on the Jewish-Soap Scam," which purports to "expose" the "hoax" of Nazis having made soap from the body fat of Jewish concentration camp victims.

A message section of the BBS is also thriving with hundreds of local users logging on to debate neo-Nazi propaganda and anti-Semitic conspiracy theories.

System: Cyberspace Minutemen BBS

Number: (312)275-6362

Operator: "Hans Hackmeister"

Location: Chicago, Illinois

Length of Operation:

Contents:

Although the name would suggest Patriot materials here, one finds neo-Nazi materials abounding on this BBS. One of the longest-running currently functioning neo-Nazi BBSs, the Cyberspace Minutemen BBS offers users over 86 pages of files to choose from. File areas on this BBS include news items, graphics, White/Aryan issues, Klan topics, The Spotlight, National Alliance, Nordic Heritage and History

Club, British National Party, Aryan fiction, Resistance/NSWPP (Covington) and a huge area titled National Socialism with text and graphics about the original German Nazi's. Other areas include Istauration (Wilmot Robertson), the Wild West (postings about Jesse James, Wyatt Earp, Billy the Kid, etc.) and Aryan Beauty (graphics files of Aryan Cheerleaders, princesses and a "white woman animal trainer

")

As with Stormfront, the range of posted material is wide -- Bob Heck, Covington, Metzger, Robb, Duke, Ed Fields, David Irving, Ernst Zundel, etc. The large British National Party file area gives the Minutemen a greater international emphasis than many of the other neo-Nazi BBSs operating in North America.

System: Digital Freedom BBS

Number: (416)462-3327, (416)465-4767

Sysop (Operator): Marc Lemire

Location: Toronto, Canada

Length of Operation: Since April 1, 1995

Contents:

After beginning in April, Canada's Digital Freedom BBS has grown to over 350 members by July 30 according to the BBS online newsletter. In fact, by September 18, 1995 the BBS has received 6458 total calls in its short history. Clearly part of a North American neo-Nazi BBS network, it shares common files with the Our Nation, Cyberspace Minutemen and Stormfront BBSs.

In addition to "general politics" (centered on Canadian issues and immigration) and graphics files areas, the BBS includes a sound file of skinhead music clips (from around the world), hate-line messages and other neo-Nazi mutterings such as a speech by Order martyr Robert Mathews. Other file areas include online neo-Nazi publications (heavy on William Pierce's Free Speech) Holocaust Revisionism, the National Alliance and Scriptures for America. Curiously, it also includes anti-Holocaust denial activist Ken McVay's anti-revisionist files.

Again, the full range of neo-Nazi strategy is discussed, with postings ranging from Louis Beam to David Duke.

System: Our Nation BBS

Number: (909)624-8474

Operator: Arthur Ed LeBouthillier

Organization: National Party

Location: P.O. Box 86221, Los Angeles CA, 90086-0221

Length of Operation: Early 1995 - present

Contents:

The online introduction to this BBS displays its purpose,

"The Our Nation BBS is a computer bulletin board sponsored by the National Party. Its main purpose is as a service to the White community. It is also for those not already familiar with the beliefs and practices of our community to experience them firsthand. We welcome all those who are genuinely interested in either contributing or learning from it in a positive ways.

Some of the services that the Our Nation BBS provides are: Email to other users, discussion groups, an online library, Vanguard online, and a community calender. It serves as a central, online meeting place for members of the White community and as a clearinghouse of information."

Our Nation is one of the newer, smaller BBSs of the cyber-Nazi network. It has fewer files and fewer participants than others. Contents include files on Cyberwar, Aryan Nationalism, and several written by David Duke. It also includes Canadian files on the Heritage Front and the Euro-Canadian Alliance.

System: Politically Incorrect BBS
Number: (416)467-4975
Operator: Chris Saunders
Location: Toronto, Canada
Length of Operation:
Contents:

Another Canadian BBS, this board is similar in content to that of Digital Freedom. It is being run by Chris Saunders of the Euro-Canadian Alliance.

System: Stormfront BBS
Number: (407)833-4986
Operator: Don Black
Location: PO Box 6637, West Palm Beach FL 33405
Length of Operation: September 7, 1994 - present
Contents:

Founded just over a year ago with the assistance of the folks at the Cyberspace Minutemen BBS, former Knights of the KKK head Don Black's Stormfront BBS has a little something for everyone of a National Socialist bent. In addition to copious graphics, news and games file areas, the boards file areas include computer law, legal/Constitutional issue, survival (various preparedness and weapons files), crime and gun control (mostly blaming blacks for crime), white nationalist issues, American Dissident Voices (National Alliance), Asatru, Christianity (mostly Identity), World War II and Revisionism, affirmative action and immigration. Also included are poetry, fiction and book review file areas.

The range of files posted on the BBS cover the spectrum of leaders and groups, including those often at odds with one another. Politically-minded postings about the NAAWP and the Knights of the KKK share space with Louis Beam's Leaderless Resistance and Tom Metzger's additions to Beam's terror strategy. BobHeick's Third Position writings share space with Hitlerite National Alliance and NSWPP writings. All told, nearly every leader of stature, neo-Nazi philosophy and strategisc position can be found on Stromfront, making it a veritable library of U.S. (with a smattering of foreign, such as the British National Party) neo-Nazi thought.

Stormfront, thanks to substantial media attention has become one of the most "popular" sites on the World Wide Web, a fact its creator, Don Black, is boastful of. On his BBS he notes that the WWW site received over 4000 hits (accesses to the WWW page) in one two week period. Much like his BBS, the Stormfront WWW page caters to all elements of the neo-Nazi movement.

The introduction to the page explains,

"Stormfront is a resource for those courageous men and women fighting to preserve their White Western culture, ideals and freedom of speech and association - a forum for planning strategies and forming political and social groups to ensure victory."

Stormfront acts as a cyber-Nazi fulcrum. Its slick appearance links nearly all of the WWW pages listed in this report. It also lists the numbers of most of the BBS's and all the Usenet groups listed herein.

The page includes a library with sections devoted to White Nationalist issues, "Affirmative Action" and anti-White bias, immigration in America, racial differences, revisionism, National Socialism, and Zionism and Judiasm.
